Re: Accessibility for 580 Washington St.

To whom it may concern,

MacDonald Cabinet has a by appointment only kitchen cabinet showroom on our main floor. Currently this showroom is not accessible by wheelchair. This is an issue that is being addressed and resolved soon. In the mean time we are full accessible on our ground floor with restroom facilities and a sales conference room and office. With a minimum of a 24 hour notice we can reasonably accommodate any of our customers that need accessibility.

It is our desire to make your cabinet purchasing trip a worthwhile adventure. We strive to make everyone's experience equally informative.

Sincerely,

Laurence W. MacDonald

Vice President of Operations
